

PAWPAC: PREVIEW EDITION ONLY - NOT FINAL

LEGEND		VISIT/DOWNLOAD PAWPAC'S 2020 ENDORSEMENTS which also includes a position on Prop 14 (PawPAC OPPOSES the \$5.5B stem cell research ballot initiative)												This tally represents information available as of September 18, 2020.						A final report card will not be finished in time for mail in votes.						Attendance after June (Assembly) or July (Senate) has not been posted.		
Bills green - signed by Gov / blue - awaiting results / grey - failed														2020 was impacted by the COVID-19 pandemic, which meant that most animal protection bills—among others—were postponed. Of about one dozen animal bills which had a chance to move through the Legislature, these six comprise the best representation of the year's animal issues.						This chart represents the most current information available, and will be updated as soon as the Governor signs or vetoes bills, and all attendance has been finalized.						The "NVR" indications mean "No Vote Recorded." If the legislator has an excused absence, a missing vote is forgiven. If the legislator was present, an "NVR" where support is needed counts as a "No" (in this year, all bills call for an "aye" vote).		
Legislator name with green - PASS/ENDORSE																												
Legislator name in grey - need more info		Find your legislators: www.pawpac.org/myreprs																										
Y yes vote																												
N no vote																												
NVR no vote recorded																												
Nex no vote recorded, excused
